GROUND OPERATIONS With Flightbuddy™, Station Managers while on the move can access, location or flight specific dashboards, operations area Managers can see overviews in real time of what is happening and how disruptions are affecting performance. Empathy has never been in more explicit demand from corporate leaders — particularly after a divisive U.S. presidential election and amid continued economic uncertainty around the globe. As the ...Boeing's Next Generation 737-800 and 737-900 are the largest members of the strong selling 737 family. Unlike the other Next Generation 737s, the -800 and -900 introduce new fuselage lengths, extending 737 single class seating range out to 189, compared with 100 in the original 737-100. Develop insights, be in control. Collecting the data isn't enough, you need to be able to make sense of that data for call center QA. Scorebuddy allows you to highlight and share patterns and trends across groups and teams, drilling all the way down as far as the individual agent.
